29 original certificate records | 7 professional training areas

Historical training documentation / selected for professional review

SHANELOCKHART.PRO

READER NOTES

Selected credentials

This portfolio reproduces selected original certificates from completed law enforcement, investigative, tactical, corrections, emergency service, electrical and digital design training. It is a representative selection, not the complete training archive.

An award, completion certificate, or historical registration does not establish that a license, authorization, or certification remains active. Contact the issuing organization to independently verify a credential.

Some certificate reference numbers have been concealed in this public copy. Original unmodified records are retained privately.

Private verification and the complete record archive: shane@shanelockhart.pro
